U.V. Your low cost, high quality production partner for castings!

U.V. International, LLC has been manufacturing and distributing engineered castings to the North American construction, municipal, and waterworks industries for over 30 years.

U.V. is a full service wholesaler and distributor for premium quality, customized castings at competitive prices in Iron (Grey & Ductile), Steel (Carbon & Stainless), Aluminum, and Brass/Bronze that are used in the following industries:

- ❖ Agriculture
- ❖ Fire protection
- ❖ Pump
- ❖ Valve
- ❖ Water & Sewage

U.V. Offers Convenience, Quality, and Savings Backed by over 30 Years of Experience

U.V. has \$1.5 million+ of inventory warehoused across the U.S. We can stock your parts or ship direct to your yard. We are ready to meet your production requirements.

U.V. offers better services than any other domestic supplier with favorable payment terms (no L/C required) and no "hidden" costs.

U.V. guarantees its products against quality deficiencies and quality claims are settled expeditiously in the U.S.

U.V. employs its own independent engineers to maintain quality control and audit foundries.

U.V. handles development of castings for OEM products, and partners with customers throughout the process to provide engineering and technical support.

U.V. has strong foundry relationships to provide consistent quality and supply flow, the best terms, lower tooling cost, and stable pricing.
