

For over 40 years, UV International has been offering Quality, Convenience, and Savings to its OEM customers. We are asked a lot how we can do it for so long, and here are our secrets!

Global Manufacturing Facilities to provide consistent quality and product flow, low tooling cost, and competitive pricing with no “hidden” costs

Partner with domestic manufacturers throughout development and production stages; provide full engineering and technical support; guaranteed refund of tooling charges if development fails

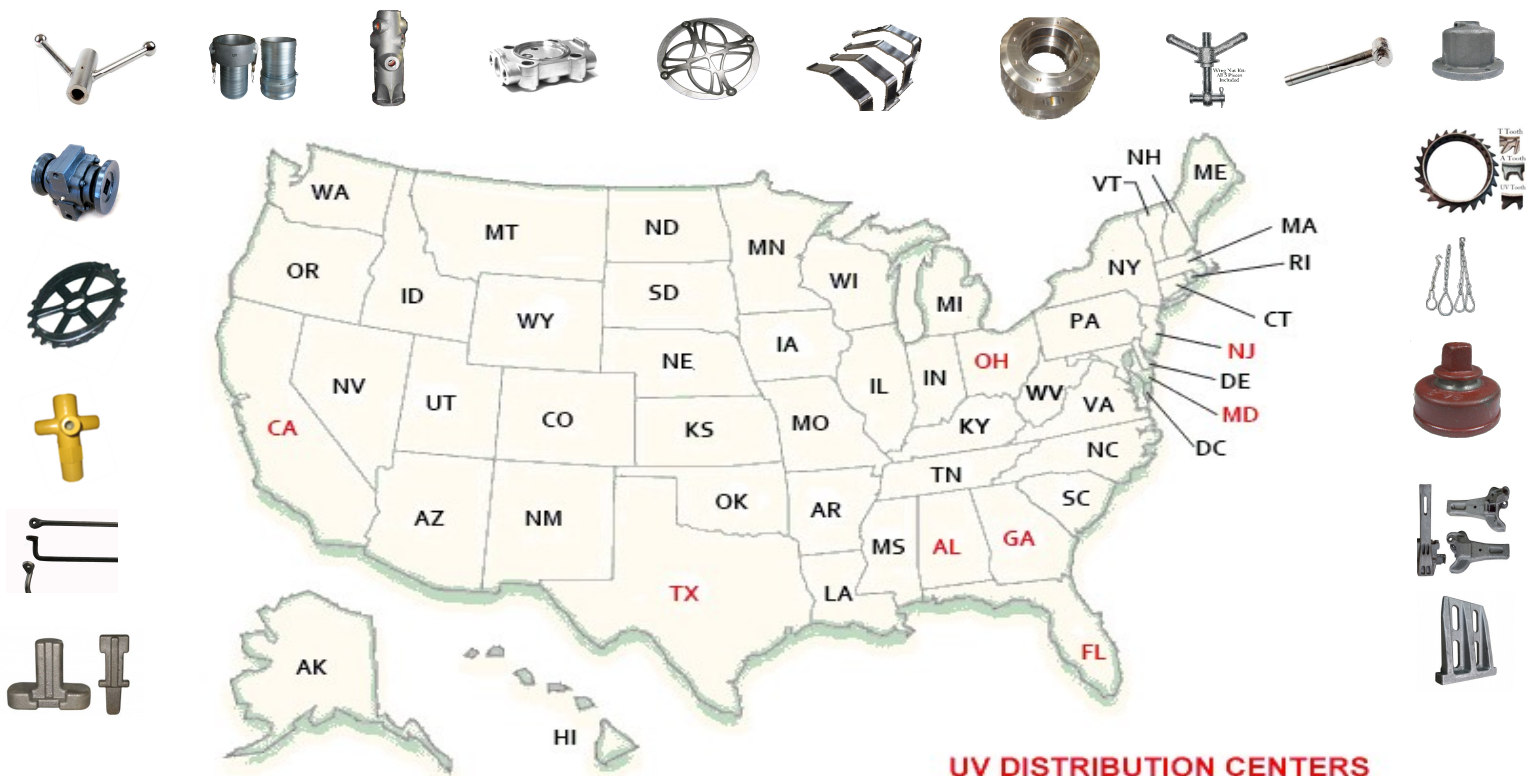

Efficient Customer Service staff works in the US time zones; answers are provided in hours rather than days

\$5 million+ Inventory is warehoused across the US to meet JIS production needs and to mitigate potential economic and political risks

100% Quality Assurance all quality claims are settled expeditiously in the US

40 + years of experience in casting processes as below:

- Green sand
- Resin sand
- Lost wax (Investment)
- Forging
